Continuation of Substance of Interview including description of the general nature of what was discussed: to place the application in condition for allowance, it was suggested to amend all independent claims to include the structure of the claim which exhibits the claimed release profile. The structure includes 1) specific rate controlling polymer, 2) 8% of that rate controlling polymer, and 3) the organic acid in the core, which is claim 20. Applicant's attorney was unable to make the decision at this time.
